# Sundowner **PRO-GRADE** TOY HAULER

## Sundowner Trailer's Pro-Grade Toy Hauler Demands Attention

Coleman, OK --- Sundowner Trailer's Pro-Grade Toy Hauler has quickly become the most sought-after commercial grade toy hauler for buyers wanting superior structural integrity, greater toy or cargo capacity, better customization, as well as lower load heights and considerably less wind drag.

With 10 standard floor plans — and customization is welcomed — Sundowner Toy Haulers are popular with motorcycle, ATV, auto, and outdoor enthusiasts; trade show vendors; traveling entertainers; and on-site workers and builders.

Built with all aluminum construction, Sundowner's Pro-Grade Toy Hauler features full-length 24" extruded aluminum sides and .050 aluminum skin, plus 4" aluminum floor I-beams on 12" centers and 2" aluminum tubing wall uprights—all topped off with a full-length seamless aluminum skin roof. And everything is covered by Sundowner's 36-month Hitch-To-Bumper Warranty and 8-Year Structural Warranty.

Sundowner Pro-Grade Toy Haulers are built with the same structural design and integrity as the Sundowner horse and livestock trailers that are pulled for hundreds of thousands of road miles. Plus, they are well appreciated for their stylish, comfortable, and accommodating interior living quarters. Sundowner's reputation as the leader in the horse trailer living quarter industry for 25 years has clearly fueled the rapid growth of their toy hauler line—and demonstrated that there is a significant demand for this new Pro-Grade level of the RV toy hauler.

To learn more about the Sundowner Pro-Grade Toy Hauler go on line to [www.sundownertrailer.com](http://www.sundownertrailer.com) , email [info@sundownertrailers.net](mailto:info@sundownertrailers.net) or call 800-438-4294
